

Pinfold Guest House
Dewsbury Road
Elland
01422 372 645
www.pinfoldguesthouse.co.uk

Five minutes away from The Yorkshire Radio Control Model Car Racing Club racetrack in West vale near Elland, Pinfold Guest House offers a warm welcome and comfortable accommodation. All of our eight guest rooms are en suite and equipped with Free View digital TV. We have a large, private car park to the rear of the building. There is a friendly pub offering evening meals a short walk from the guesthouse. For the last four years we have welcomed visitors who are competing at the racetrack and look forward to welcoming you too! Single rooms £32.00 per night, twin or double rooms £50.00per night – all prices are inclusive of breakfast and if you are leaving early we will happily pack up some bacon sandwiches for you to take away!

Hi Drivers,

A belated happy new year to you all and hope you all got plenty of toys at Christmas to play with.

The new season is not too far away (see calendar), in fact plenty of the clubs members have carried on regardless through the winter months, both competing at the regular club days, but also a few have taken up the challenge of the indoor side to the sport. I am on about the 1/12 scale and Mardave class racing that is taking place at the Greetland community centre at regular dates through the coming months (see elsewhere on the website for the exact dates). The first few events have taken place. With the new carpet to be laid out first and the track markers to be made, the first was treated as a light hearted evening, the others run as a proper race night but still seemed to be a lot more laid back than an average outdoor meeting, you should make the effort to come along and support the event, its warmer than down at the track and with a bar serving top quality ales what more could you want. The event has also been expanded to include a class for 1/18 micro racers.

Drivers who run national events check the BRCA website for any rule changes that may effect their chosen classes this year. One is that 200mm classes now require an air box fitting to reduce noise, it may be a good idea to fit one as a matter of course to reduce noise pollution even if only running at club level.

On the subject of club racing along with the classes previously run there will be the sport electric class (up to 200mm wide' any GT, f1 or saloon body, 6 cell nicd or nimh or 2c lipo, 20 turn Saturn motor. Or mardave with 4 cells and Saturn 20 turn motor, no tyre restrictions)

Please remember to bring your membership card with you when you visit the track.

Cheers Mark.
